Executive Summary

The job posting is for a Junior Software Developer position at Nexora Technologies Pvt. Ltd., offering a full-time remote job in India with a salary range of ₹8,00,000 – ₹11,00,000 CTC per annum. The company is described as a rapidly growing IT consulting company providing enterprise software solutions. The job responsibilities include developing scalable web applications, collaborating with cross-functional teams, and participating in code reviews.

Detailed Risk Explanation

The job posting appears to be legitimate, but there are some concerns regarding the company's website security, as it lacks SSL encryption. Additionally, the company's legitimacy has not been verified, which could pose a risk to job seekers. However, the job description and responsibilities seem to be standard for a software development position, and the company provides a clear outline of the hiring process and benefits. Overall, the risk level is moderate, and job seekers should exercise caution when applying for this position.

Positive Safety Signals & Trust Bonuses

Safety Factor	Bonus	Verification Details
Structured Professional Hiring Funnel	+5 pts	The job description clearly outlines a structured, multi-phase hiring funnel (Application, Assessment, Interview, Offer Letter), which is characteristic of professional corporate recruitments.

Risk Findings & Technical Evidence

Violation Factor	Severity	Evidence & matched text
Missing SSL Encryption	MEDIUM (-15 pts)	The site does not enforce encrypted HTTPS communication. Legitimate employers transmit credentials securely. Matched: 'SSL Missing/Invalid' Reason: No valid SSL certificate found active on port 443.

Actionable Safety Recommendations

- Avoid browsing or uploading files to the provided URL, as it lacks secure SSL/HTTPS encryption.
- Ensure you only submit details to websites that enforce secure HTTPS protocols.
- Verify the recruiter's profile on LinkedIn to ensure they are currently employed with the claimed organization.

- Cross-check the official company careers portal to confirm if the vacancy is listed there.
